

## LIPA website cookies policy

A cookie is a small chunk of data that is sent from the website's server to the user's browser and stored on the hard drive. The LIPA website uses cookies to remember user preferences and to store data within a session. The data stored within a session is lost once the browser is closed. Limiting cookies will affect the functionality of the LIPA website.

<b>Functional Cookies</b> – The cookies listed below cannot be disabled, as each of them is needed for the functionality of the LIPA website.	
<b>Cookie Name</b>	<b>Cookie Information</b>
<b>ASP.Net Sessions</b> ASP.NET_SessionId ASPSESSIONID[XXXXXXXX]	ASP.NET sessions store information within a cookie for the functionality of the website. For example when completing forms, LIPA uses a session to store the information entered before submitting in case any information has been entered incorrectly. Sessions are deleted when the browser is closed. This cookie does not share any information with a third party.
<b>WorldPay</b> JSESSIONID machine	WorldPay is an online payment gateway that handles payments from the LIPA website. The session allows WorldPay to be instructed to handle the transaction and is an essential cookie. Sessions are deleted when the browser is closed. For more information on WorldPay see <a href="http://www.worldpay.com/shopper/index.php">http://www.worldpay.com/shopper/index.php</a> and the WorldPay privacy policy can be viewed here: <a href="http://www.worldpay.com/about_us/index.php?page=privacy">http://www.worldpay.com/about_us/index.php?page=privacy</a>
<b>Third Party Cookies</b> – Each of the third party cookies that are used on the website can be disabled, more information on this can be found on their websites.	
<b>Cookie Name</b>	<b>Cookie Information</b>
<b>Google Analytics</b> _utma _utmb _utmc _utmz _utmv Ipinfo Acs Ustcnt Clid ck oo uuid2 sess	Google Analytics use cookies to track user activity, which is used to generate reports within the Analytics interface. These cookies expire after 730 days, to disable these cookies please see <a href="http://www.google.com/intl/en/privacypolicy.html">http://www.google.com/intl/en/privacypolicy.html</a>
<b>Twitter</b> _twitter_sess	The cookie produced by Twitter, allows interaction between the LIPA website and Twitter. For more information please

lang original_referer guest_id k js twll pid	see <a href="http://twitter.com/privacy">http://twitter.com/privacy</a>
<b>YouTube</b> VISITOR_INFO1_LIVE use_hitbox LOGIN_INFO PREF HSID SID	YouTube use cookies to embed videos on pages around the LIPA website. For more information please see <a href="http://www.google.co.uk/intl/en/policies/privacy/">http://www.google.co.uk/intl/en/policies/privacy/</a>
<b>AddThis</b> _atuvc sshs xtc uit uid uvc psc ssc uvc di dt bt loc PREF	AddThis is a third party service that allows users to share content on a social network. The cookies are used to display the icons on most of the web pages around the LIPA website. For more information please see <a href="http://www.addthis.com/privacy/opt-out">http://www.addthis.com/privacy/opt-out</a>
<b>Facebook</b> datr lsd	The generated by Facebook is used to integrate content from Facebook into the LIPA website. For more information please see <a href="http://www.facebook.com/about/privacy/">http://www.facebook.com/about/privacy/</a>
<b>Flickr</b> Localization	Flickr is a photo-sharing website which LIPA uses to embed images on webpages within the website. Flickr is owned by Yahoo! and for more information see <a href="http://info.yahoo.com/privacy/uk/yahoo/cookies/">http://info.yahoo.com/privacy/uk/yahoo/cookies/</a>

Many browsers are set to automatically accept cookies. If you are using Microsoft's Internet Explorer, Mozilla Firefox, Google Chrome or Safari you should be able to configure your browser to restrict or block cookies, or you may wish to delete them, by going to your browsers settings. Below are short instructions for how to do this in the four most popular browsers:

#### **Microsoft Internet Explorer**

Click the 'Tools' icon in the top right hand corner and select 'Internet options'. In the pop up window select the 'Privacy' tab. From here you can adjust your cookie settings.

**Google Chrome**

Click the spanner in the top right hand corner and select 'Settings'. From here select 'Under the hood' and change the settings under 'Privacy'.

**Mozilla Firefox**

From the drop down menu in the top left hand corner select 'Options'. In the pop up window select the 'Privacy' tab. From here you can adjust your cookie settings.

**Safari**

From the settings drop down menu in the top right hand corner select 'Preferences'. Select the 'Security' tab and from here you can adjust your cookie settings.
